Welcome to Chegg!

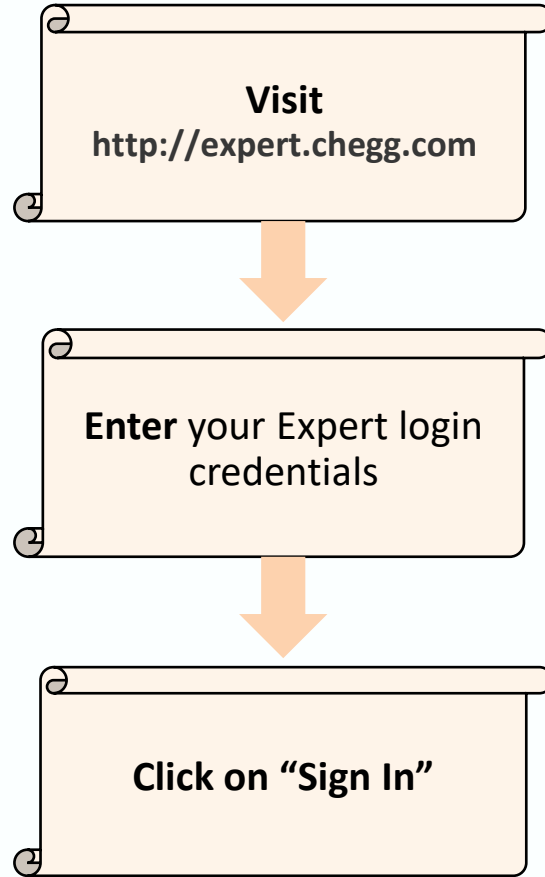

We are excited to welcome you as a candidate for our Expert Solution network!

Being an Expert Answerer is a great privilege, and you are responsible for working directly with our student users. Students post questions every single day on Chegg Q&A. You can help them by providing solutions with clear explanations and step-by-step processes.

Our team is committed to providing the best quality solutions to our students with your help as a Subject Matter Expert. Our In-House team keeps an eye on the quality of your solutions, ensuring that students receive the best solution possible.

This presentation will guide you on how to submit your solutions on Chegg Q&A board.

Your journey

Your Chegg Q&A journey starts the day you get your Q&A authoring privileges.

Trial Period: You are initially put in trial period where:

- You will have limited authoring privileges.
- Your performance will be closely monitored
- Regular feedback will be shared with you to help improve your solution quality
- You will be paid for all valid solutions submitted during this time

Your Dashboard

The above tables shows your performance on Chegg Q&A:

- Daily, Weekly and Monthly stats are available in Your Stats table
- “Skipped” count indicates the number of questions you have skipped
- “Answered” count indicates the number of questions you have solved
- “CF Score” is your quality score on Chegg Q&A

These stats reset at the beginning of each month

Question window

Clicking **Start answering questions** you to the following question window

If the expert does not make decision in the allocated 10 mins, the question gets skipped automatically.

Solution window

Clicking **Answer** shows the solution window as follows

The screenshot shows the 'Your answer' interface. It includes a title bar 'Your answer', a subtitle 'Typed answers are easier for students to read than handwritten notes', a rich text editor toolbar with icons for text formatting and insertion, a large text input area, and a bottom bar with 'Submit' and 'Skip' buttons. Three callout boxes with arrows point to specific features: 'Click here to Upload Images' points to the image icon in the toolbar; 'Click here to use symbols, equations, and formulas' points to the math symbols icon in the toolbar; and 'Click here to submit your solution' points to the 'Submit' button.

Click here to Upload Images

Click here to use symbols, equations, and formulas

Click here to submit your solution

Type your solution here

Submit Skip

If the expert fails to submit the complete solution in the allocated 120 mins, the question gets skipped automatically without solution submission. Such a solution will not qualify for payment

How to solve?

You can submit your solution using the following 2 methods:

1. Handwritten / Image Based

You may write your solution on a plain sheet of paper, click a pic, and upload it as an image.

SOLutions should:

- Be legible and in clear handwriting
- Contain step-by-step solution to the problem
- Be properly formatted

Images must:

- Be clear, focused, and properly oriented
- Be taken on a white and clear background

Note: When you submit handwritten/image-based solutions, you must TYPE a 3-4 lines summary of your solution in the solution editor

2. Typed (with Proper Formatting)

While submitting typed solutions, please remember the following:

- Your solution page contains a built-in editor and math type tool
- Work done in word processors or math tools can be copied/pasted into your editor
- You can submit screenshots of your work from other tools, spreadsheets, and software as supporting
- You can upload images of diagrams, tables, charts, and graphs to better illustrate your solution

How to solve?

(Typed Solutions)

Example of a good typed solution

Question: Calculate the area of the triangle with height 12cm and base 10cm.

Sol: The values provided in the question are as follows:

Height of the triangle = 12cm

Base of the triangle = 10cm

The formula to calculate the Area of the triangle is as follows:

Area of the triangle = $(1/2) \times (\text{Height of the Triangle}) \times (\text{Base of the Triangle})$

Using the values provided in the question,

$$\begin{aligned}\text{Area of the triangle} &= (1/2) \times (12) \times (10) \\ &= 60 \text{ sq. cm}\end{aligned}$$

Hence, the Area of the triangle with Height 12cm and Base 10cm is 60 sq. cm.

How to solve?

(Handwritten Solutions)

Example of a good handwritten solution

Question: Calculate the area of the triangle with height 12cm and base 10cm?

Sol:

The values provided in the Question are:

Height of the triangle = 12cm

Base of the triangle = 10cm

The formula to calculate the Area of the triangle is as follows:

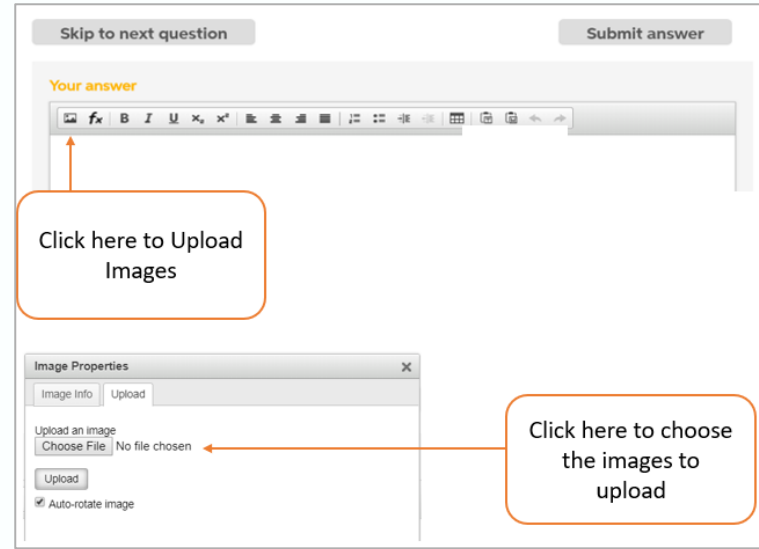

$$\text{Area} = (1/2) \times (\text{Height}) \times (\text{Base})$$

Using the values provided in the Question:

$$\begin{aligned}\text{Area} &= (1/2) \times (12) \times (10) \\ &= 60 \text{ sq. cm}\end{aligned}$$

Hence, the area of the triangle with height 12cm and base 10cm is 60 sq. cm.

How to Upload Images?

- You can upload any number of images as a part of your solution via the solution Window
- Each image should be less than 2MB in size and should be in JPEG/PNG format only
- By clicking on "Image Upload" button, you can upload 1 image at a time. To upload multiple images, you'd have to repeat the process OR
- You can drag and drop multiple images in the solution window for 1-step upload

How to solve?

Dealing with:

- Multiple Choice Questions
- Multiple Qs in a single Question
- Multiple Sub-part Questions

You may also come across the following types of questions while solving questions on the Q&A board

Type of Question	How to solve
Multiple Choice	Provide detailed reasoning for the correct option, along with an explanation - Why the remaining options are incorrect
Multiple Questions	Solve the first question, unless the student has asked for a specific question to be solved, subject to a min. of 1 question
Multiple Sub-part	Solve all the sub-parts in a multiple sub-part question, unless the student has asked for specific sub-parts to be solved.

How to Skip Questions?

You can choose to skip a question whenever you want, provided you select the correct skip reason. Here's a summary of what reason you must select while skipping a question:

Why are you skipping this question?

☒ It doesn't belong to this subject

Choose the correct subject ▼

☐ I need more information

☐ It contains inappropriate content

☐ I don't have the subject knowledge

- **It doesn't belong to this subject**- Choose this if the question belongs to some other subject and you know the subject it belongs to
- **I need more information**- Choose this if the information provided is insufficient to provide a solution to the question (You must specify what additional info is required)
- **It contains inappropriate content**- If the question belongs to any Exam, Test or is copyrighted content and belongs to a third party, or if it contains terms like "Final Exam", "Examinations Institute", "Div. Ched", "ACS" or any external website link, select this option.
(Exam Review/Test Review/Quiz Review questions can be attempted and are not abusive)
- **I don't have the subject knowledge**- In any other scenario please skip the question under this reason

How to solve?

Dealing with:

Questions posted by students from outside the US

You are a part of our global community that helps students not just from the **United States**, but from many **other countries** across the globe.

- There is no difference between the questions that are posted by students in the US, or from any other country.
Hence, you should follow the same approach for all questions.
- Some Qs may require country specific knowledge, for example – Tax laws, country data, etc. Please attempt such Qs only if you're sure about the solution, else skip under "I don't have subject knowledge"
- Some Qs may contain words/phrase in non-English language –
Attempt such Qs only when you know the language and are confident that you'll be able to provide an accurate solution.

If you are unable to understand or translate the language, skip in the question as "Need more information" and ask the student to upload the Qs in English language.
- Your solution should be in English language only

How to solve?

Dealing with:

Questions posted by students from outside the US

Example #1

2021/08/11

الامتحان الجامعي - النهائي

Arabic text

Section I - Balance the following Chemical Equations -

Here, the question is in **English**, the **header text** is in **Arabic**.

If you can **understand** or **translate** the text, please go ahead and provide the solution using **standard Q&A guidelines** in **English**.

Else, **skip the question** under “**need more information**” and ask the student to upload the complete question in the **English language**.

How to solve?

Dealing with:

Questions posted by students from outside the US

Example #2

$$5(z + 1) = 3(y + 2) + 11$$

$$5y + 2(z + 7) = 14y - 7$$

Résoudre pour y & z.

Non-English Phrase

Here, a **non-English** phrase is written below the two algebra equations.

Similar to the previous example, if you understand the **foreign language** and are confident of providing an **accurate solution**, please **attempt the question** and help the student.

If however you do not understand the language mentioned in the Q, please **skip** the question under “**need more information**” and ask the student to upload the complete question in the **English language**.

Chegg “Honor Code”

Our Experts help students with their toughest questions while maintaining the highest standards in academic work. In doing so, Experts must not participate in aiding academic dishonesty.

As an Expert, you must adhere to our “**Honor Code**” to ensure you can continue working with us. **Any violation of our Honor Code would result in revocation of your authoring privileges.**

Note: Experts should not subscribe to student account. If found, student and expert account both will be revoked, and any balance payment or student subscription amount will be forfeited.

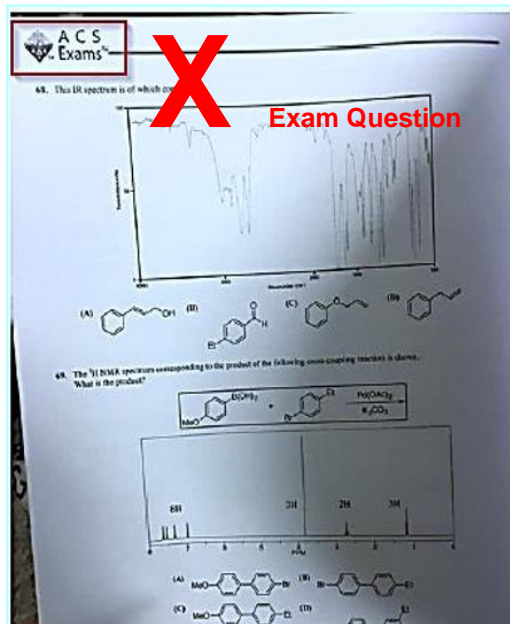

Honor Code

Dealing with:

- Exam/Test Questions
- Copyrighted Questions

Do not solve questions with terms like “ACS Exams”, “Exams Institute”, “Div. Ched”, “ACS”, “Sapling Learning”, as these are examination / copyrighted questions.

You must skip these under “**This is abusive or spam**” reason

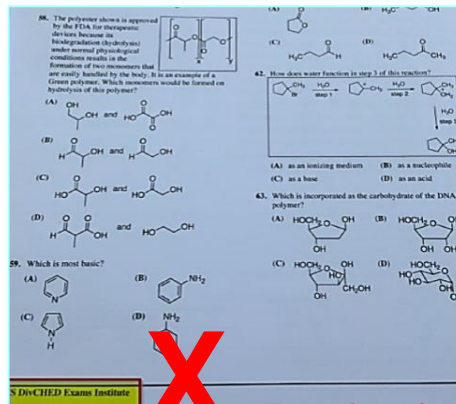

Honor Code

Dealing with:

- Exam/Test Questions
- Copyrighted Questions
- Activity Based Questions

Do not solve questions with terms (without any date) like “Final Exam”, “Test”, “Exam”, “Quiz” etc. We do not aid students in cheating. Please skip them under “**This is abusive or spam**” reason

Exam Question

Exam Question

Do not solve questions which require you to mandatorily perform an activity OR experiment in order to arrive at the final solution. Such questions should also be skipped under “**This is abusive or spam**” reason

Note: Questions belonging to any past year exam, quiz or test are not spam and can be attempted

Questions with terms like “Exam Review”, “Practice Test”, “Practice Exam” are not abusive and can be attempted.

Honor Code

Dealing with:

- Exam/Test Questions
- Copyrighted Questions

More examples of questions you **shouldn't** solve (to be skipped under “This is abusive or spam”)

52. A reaction mixture initially contains 0.250 mol of ZnS and 0.250 mol of O_2 . After the mixture has reacted completely, how many moles of the excess reactant are left?

$$2ZnS(s) + 3O_2(g) \rightarrow 2ZnO(s) + 2SO_2(g)$$

(A) 0.083 mol ZnS (B) 0.167 mol ZnS
(C) 0.125 mol O_2 (D) 0.250 mol O_2

53. A particular yeast ferments glucose ($C_6H_{12}O_6$) and generates ethanol (C_2H_5OH) with an 87.0% yield. What mass of glucose is required to produce 475 g of ethanol by this process?

$$C_6H_{12}O_6(aq) \rightarrow 2C_2H_5OH(aq) + 2CO_2(g)$$

	Molar Mass / g·mol ⁻¹
$C_6H_{12}O_6$	180.2
C_2H_5OH	46.07

(A) 808 g (B) 929 g
(C) 1.07×10^3 g (D) 2.14×10^3 g

54. When 5.60 g CaF_2 reacted with excess H_2SO_4 , 1.73 g HF was obtained. What is the percent yield? $CaF_2 + H_2SO_4 \rightarrow 2HF + CaSO_4$

	Molar Mass / g·mol ⁻¹
CaF_2	78.07
HF	20.01

(A) 60.3% (B) 51.3% (C) 49.8% (D) 30.9%

X Copyrighted Content

Illegal to copy, photograph, or post on the internet

37. Which compound is represented by this ¹H NMR spectrum?

(A) 1 and 2 (B) 1, 3 and 4
(C) 2 and 4 (D) 3 and 4

40. Which are aromatic?

(A) 1 and 3 (B) 1, 3 and 4
(C) 2 and 4 (D) 3 and 4

41. What is the major organic product obtained from this reaction?

(A) (B) (C) (D)

38. If benzene is subjected to Friedel-Crafts alkylation, then nitration, then halogenation, which of these products would be least likely to form?

(A) II only (B) I and III only
(C) I and II only (D) III only

39. Which compound is the major product of this reaction sequence?

(A) (B) (C) (D)

42. Which is the best leaving group in either displacement (S_N2) or ionization reactions (S_N1 / $E1$)?

(A) Cl^- (B) $^-CH_2CN$ (C) $^-CH_2CH_3$ (D) $^-CH_2CO_2^-$

43. What is the major elimination product from this reaction?

(A) (B) (C) (D)

Honor Code

Dealing with:

- Third Party Links

Do not solve questions containing any third-party links

You must skip such questions under “This is abusive or spam” reason

Honor Code

Dealing with:

- Opinion Based/
Perception Based Questions

Directions: Read and answer each question below carefully in not less than 5 sentences. (30 points)

1. If given the chance to design **your own** walking staff, what feature would you add to make it useful on the trail? (10 points)
2. What are the safety tips you should consider when crossing a fast-flowing river? Provide at least 5 safety tips and briefly explain each. (10 points)
3. Which of the alternative rafts do you think is the safest when crossing a fast-flowing river? Explain your answer. (5 points)
4. Why is swimming important for survival? (5 points)

The cultural group within a country or region that has primary access to institutional and economic power is known as the dominant culture. What is the dominant culture **within your country**? What types of power does this culture have that other cultures within the country do not have? What is your country currently doing or not doing to address this power difference? Do you think that it is sufficient? Why or why not?

Create a speech about **your own** insecurities.
Note: Please make it creative and not boring. Thank you!

Opinion Based Question

Do not solve questions that explicitly ask for your opinion or personal life. You must skip such questions under “This is abusive or spam” reason.

Honor Code

Essay Questions

Questions that explicitly ask for “an essay to be written” may only be solved by :

1. Providing detailed instructions on how to structure the essay
2. Including key points or examples
3. Explaining concepts used to formulate the essay.

Do not provide a complete explanation, thesis or write an essay.

Honor Code

Plagiarism

Copying content from any source, whether fully or partially, is considered as plagiarism. At Chegg, we follow a **zero-tolerance policy** against plagiarism. **DO NOT:**

- Copy/paste solutions from any third-party sources
- Copy/paste solutions from chegg.com
- Copy/paste screenshot or photos of any work that isn't yours
- Provide any links to external sources / websites / cloud as a part of your solution
- Attempt to pass off someone else's work as your own by making slight changes to a copied solution

Note:

If you have solved a similar question before, please take the time to review and revise your solution for each new question.

Honor Code

Other points
to keep in mind

The following Questions Can be Attempted:

Questions with / from

- Points/Marks alone mentioned
- Homework/Assignment/Experiment/Lab(Pre, Post) with or without Points/Marks mentioned
- Logo of a Laptop / Mobile device visible (like Dell, Apple etc.)
- CamScanner / any other image scanner Logo
- Practice/Sample + Test/Quiz/Exam mentioned
- Exam Review / Quiz Review / Test Review mentioned
- "Spring" / "Fall" or "F" for any previous year
- Exam/Test/Quiz from past academic periods/years
- Practice assessments and assessments from study guides

Honor Code

Other points
to keep in mind

The following Questions **Should be Marked as Abusive:**

Questions with

- Exam/Test/Quiz with Points/Marks mentioned
- Exam/Test/Quiz Without Points/Marks
- External Website URL (Even half URL)
- Company Name/Logo/Copyright/External Reference to book/website
- “Spring” / “Fall” or “F” with or without points/marks for the current / future year
- Take Home Exam / Take Home Test / Take Home Quiz
- Specific instruction to take “no outside help”

Honor Code

Practices to Avoid

Avoid:

- Use of **improper language** in the solution window or any of the communication channels
- Sharing any **personal details**
- Creating **Student Account** on Chegg.com
- **Blaming** a student
- **Arguments** / conversations via. series of comments
- Submitting **incomplete/incorrect/direct** solutions
- Posting **irrelevant comments / suggestions** instead of a solution
- Providing a solution to an **invalid** questions
- **Saving questions** using a placeholder
- Intentionally distributing the **wrong** solution

Honor Code

Practices to Avoid

Avoid:

- Submitting **blank or content-free** solutions
- Posting **multiple identical** solutions
- Submitting hard to read or **illegible solutions** : including solutions with bad image quality, handwriting, or uncropped backgrounds
- **Posting offsite requests**- for security reasons, all interactions between students and experts must occur on our platform. If students are requesting outside help, please flag and report this behavior.
- **Incorrect question skipping** using these reasons: Needs More Info, Abusive, Wrong Subject

Honor Code

Expectations for Conduct as an Expert

Experts must avoid prohibited behavior, including within these areas:

Illegal: defamatory, libelous, copyright, privacy, patent, trademark, or contract rights violations

Violent: abusive, harmful, harassing, threatening

Inappropriate: sex, indecency, bodily function, obscenities, death/trauma/grief, socially offensive topics

Prejudiced: bigotry, racism, xenophobia, sexist, ageist, disability, religious discrimination

Malicious: security threats, exploitative

Fraudulent: commercial activities, contests, sweepstakes, unsolicited advertising, spam

Misappropriating: modifying, copying, distributing, downloading, scraping, or transmitting content

Payments

Payment for solutions submitted during a month are **processed on 15th day of the following month.**

Terms of our payment policy:

- You are paid only for the solutions that are correct and conform to Q&A solution guidelines
- You must submit your **OWN** bank details (jointly held bank accounts are not allowed) in order to get paid for your work
- Payments are processed for only those Experts whose bank details, PAN and mobile number are updated with us
- In line with Income Tax guidelines, Chegg is required to deduct 10% TDS on all payments made to Experts who have submitted their PAN card details. In such a case, you will be provided a form-16 mentioning the deduction
- In case payment is not processed in a particular month due to missing / incorrect bank details, they will be processed in next month's payment cycle only if the required details are provided in time.
- Any misuse of authoring privileges will lead to immediate account revocation and forfeiture of any payments due.
